COORPORATE NEWS

The Repco acquires “Happy Hands”

NOV 2009

The Repco Group has recently acquired the product portfolio as well as the “Happy Hands” brand from Happy Hands (HK) Limited.

“Happy Hands” will continue to be our “house” brand for various arts/crafts and creative products that can be sold anywhere in the world, excluding South Africa, where we have an exclusive distributor. The other parts of the product portfolio include primarily licensed creative products and premiums that we have developed and manufactured for licensees around the world. These licenses include, among others, Barbie®, Barney®, Noddy®, Totally Spies®, Spiderman® and Shaun the Sheep®. We do not hold worldwide licenses for these products, but as they have already been approved by the licensor they can be sold to other licensees around the world (Subject to the approval of the licensor)

Besides offering you existing products, Repco can offer you their vast experience in developing and manufacturing licensed and non licensed creative products and premiums from concept to final product. Contact us at your earliest convenience to discuss your requirements.
